

The Brooke

The Brooke is the UK's leading overseas working equine welfare charity, dedicated to improving the lives of horses, donkeys and mules working in some of the poorest communities in the world. One working horse or donkey can enable a poor owner and their family, on average six people or more, to survive – so we estimate our work also benefits over 4 million people.

Our goal is to increase the number of working animals we reach from 730,000 every year to helping 2 million suffering horses, donkeys and mules in the most need in the developing world.
