

Evaluator Brief – Travors 2

The Travors 2 project has been funded by Leonardo Lifelong Learning programme to test innovative training design guidance developed by the Department of Work and Pensions (UK), accredit a Personal Advisor 'European Driving Licence' type qualification and establish a Personal Advisor forum.

We are looking for:

1. An evaluation of our conclusions, the credibility of our products and of how Travors 2 builds on the work of precursor project Travors. Project deliverables include an evaluation of: **Project design and methodology, Project management and delivery mechanisms, The impact and usefulness of the project and its products**
2. An assessment of the extent to which the project delivers against Leonardo key objectives: **Innovation, Trans-nationality, Partnership, Validity, Dissemination and Valorisation**

We would like your evaluation to:

- Draw conclusions on the design, implementation and degree of success of Travors 2 in light of our objectives and indicators
- Inform funding bodies and other stakeholders of our results and the actual and potential impact of our project
- Stimulate support for transfer and mainstreaming of our innovations
- Form the basis of the interim and final reports and other publications

Further Information
