

SENIOR MONITORING, LEARNING & RESULTS MANAGER (MLR), NIGERIA

MLR Nigeria

Overview

Girl Hub Nigeria seeks to make a difference to millions of adolescent girls in Northern Nigeria, by using a variety of

media to start a conversation in Northern States that challenges prevailing attitudes towards young adolescent girls whilst also providing girls with safe spaces so they have the opportunity to talk, share and reflect with each other. The purpose of this role is to coordinate and implement the Monitoring and Learning strategy for Girl Hub Nigeria, which is based on the Girl Hub theory of change. There are two ways in which we make an impact for girls;

1. through catalysing policy change, to integrate girls' priorities and scale up investment in adolescent girls
2. and through social change communications.

Girl Hub Nigeria is looking for a dynamic and experienced monitoring and evaluation professional to join an energetic team working in support of adolescent girls. The senior manager will also be responsible for piloting the innovative SenseMaker methodology. This methodology will generate robust real time evidence, which we will use to feed back into policy discussions and improvements in programme design. Of particular importance is the role that SenseMaker plays in elevating the voices of girls. He/she will also help establish Girl Hub Nigeria as a learning organisation and assist in the set up of reporting systems for accountability, both to funding partners and to Nigerian girls.

Competencies

The Monitoring and Learning manager will have the following qualifications:

- at least a Masters degree in the social sciences.

- at least five years' experience in applied research and/or monitoring and evaluation.
- experience with coordinating research programmes and managing fieldwork teams.
- experience with participatory approaches.
- experience with qualitative methods and data. Strong problem solving skills with the ability to apply creative thinking to research and M&L activities.
- an in-depth understanding of Nigerian sociocultural context.
- strong communication and organizational skills.
- Experience conducting gender-focused research and analysis (asset).
- Experience with monitoring and evaluation of behaviour change communications activities (asset).
- Strong facilitation and presentation skills (asset).

Timing and Location

The Senior M, L&R Manager will be available in Nigeria from May 2013 (or as soon as possible thereafter) and will be available full time. The manager will work from the Girl Hub office, temporarily in Abuja, but normally located in Kano.

The Opportunity

It's an exciting international role and we offer a competitive salary with benefits and a 12 month contract with the possibility of renewal.
